ENVIRONMENTAL POLICY

Care of the environment is a long-standing policy of Adelaide Fabrication Services. The company is committed to sustainable use of resources and legal and regulatory compliance in all its activities, including obligations under environmental legislation.

This policy statement complements other Adelaide Fabrication compliance policy statements.

Adelaide Fabrication Services is committed to:

- Ensuring its business is conducted so that there is minimal impact on the environment from consumption of resources and the disposal of waste.
- Ensuring that all operations meet the requirements of standards such as ISO 14001 Environmental Management.
- Ensuring adherence to all federal, state and local environmental agency regulations and codes of practice.
- Communicating this policy to all interested parties including staff, customers, business partners and the general community.
- Promoting staff awareness of environmental issues and providing the training and resources that will enable them to actively contribute to fulfilling our environmental objectives and obligations.
- Initiating and reviewing environmental objectives and measurable targets to all appropriate activities.
- Continuous improvement in accordance with its environmental vision.
- Assisting, where appropriate, government agencies and community groups engaged in environmental activities.
- Responding to inquiries from interested parties relating to this environmental policy.

Alan Mackinnon
